ABOUT ME

I am an experienced professional well-versed in the realm of software development, boasting four years of valuable expertise in this field. With a comprehensive understanding of sought-after software solutions, I possess the capability to bring your envisioned software to life. I am adept at working independently, committed to ensuring that your software experience is nothing short of exceptional. My goal is to deliver the best possible outcome for your desired software.

DIGITAL SKILLS

MS Power Platform (Power Apps, Power Automate, Power BI) |MERN Stack (MongoDB, ExpressJS, ReactJS, NodeJS) |Node.Js, React.Js |Microsoft Office 365 (Word, Excel, PowerPoint, SharePoint, Outlook, Access, Sway, Yammer,..)

WORK EXPERIENCE

1 FEB 2022 – CURRENT Karachi, Pakistan

Mid Level MERN Stack Developer Slickwhiz Solutions

In my role as a MERN stack developer, my primary focus revolves around leveraging the Office 365 domain. While my expertise doesn't extend deeply into the comprehensive infrastructure of e-commerce or similar websites, I possess the ability to develop them. My proficiency lies in crafting React components and possessing an in-depth understanding of JavaScript and TypeScript, enabling me to simplify intricate processes effectively.

Over the past year, I've concentrated on crafting SPFx (SharePoint Framework) web parts tailored for SharePoint sites. These web parts play a pivotal role in organizations by facilitating the seamless delivery of pertinent information to their audiences on websites.

SPFx (SharePoint Framework) Development:
 • Crafted customized SPFx web parts tailored for SharePoint sites, pivotal in delivering relevant information effectively to the target audience.

Office 365 Domain Expertise:
 • Leveraged Office 365 domain proficiency to optimize information delivery despite limited knowledge of complex e-commerce or similar website infrastructures.

React.js Expertise:
 • Proficiently developed React components, leveraging a robust understanding of JavaScript and TypeScript.
 • Simplified complex processes through React.js, ensuring efficient and user-friendly application functionalities.
 • Employed React.js skills in Expo React Native website projects, particularly focusing on application localization into German and English.

1 OCT 2021 – 31 JAN 2022 Karachi, Pakistan

Junior Software Developer Regex. Global

Upon completing a 3-month internship, I was promoted to the role of Junior Software Developer within the same company. In this capacity, my key responsibilities included:

1. **Mobile App Development:**
 • Spearheaded real-world professional mobile app development projects using technologies such as React Native, React JS, and Flutter.
 • Demonstrated proficiency in designing, coding, and debugging applications, contributing to the successful delivery of high-quality mobile solutions.

2. **Skill Enhancement:**
 • Proactively engaged in continuous learning and skill development, refining my abilities in mobile app development.
 • Stayed updated with industry best practices and emerging technologies to ensure the application of cutting-edge solutions in project development.

3. **Technology Proficiency:**
   - Worked extensively with React Native, React JS, and Flutter, showcasing versatility in adapting to different frameworks as per project requirements.
   - Explored and applied Vue.js, expanding my technical repertoire to encompass diverse front-end development frameworks.

This experience allowed me to evolve from an intern to a Junior Software Developer, highlighting my commitment to professional growth and the acquisition of a broad skill set in mobile app development.

21 JUN 2021 – 30 SEP 2021 Karachi, Pakistan

Full Stack Intern Developer Regex. Global

My primary responsibilities included:
1. **Demo Project Development:**
   - Successfully conceptualized and developed demo projects to showcase mobile app functionalities.
   - Demonstrated proficiency in list creation, ensuring seamless data management within the applications.
2. **API Integration:**
   - Implemented API calls to facilitate data exchange between mobile applications and external services.
   - Ensured the secure and efficient integration of APIs to enhance app features and user experience.
3. **Issue Resolution:**
   - Diagnosed and resolved technical issues within projects, employing problem-solving skills to overcome challenges.
   - Addressed concerns related to project dependencies, including troubleshooting and resolving Gradle-related issues.

By actively engaging in these responsibilities, I contributed to the successful development and enhancement of mobile applications, showcasing adaptability in problem-solving and a commitment to delivering high-quality solutions.

EDUCATION AND TRAINING

21 JAN 2017 – 31 JUL 2021 Karchi, Pakistan
